Best General Advertising Medium in America.

WITHOUT A RIVAL!!!

The Turf, Field and Farm is now entering upon its TWENTY-FIFTH YEAR of publication under the same managers, who have endeavored, with each successive year of publication, to make it better and thereby increase its popularity and usefulness. It already exceeds in circulation any journal of its class in America.

It is national, not sectional, in character and circulation.

Bruce's AMERICAN STUD BOOK and Chester's TROTTING AND PACING RECORD are compiled and published in the office of the *Turf, Field and Farm*, thus giving an official stamp to the paper and making it indispensable to every horseman.

Its reports of Racing and Trotting, Shooting, Fishing, Aquatic, and kindred events are the latest, most complete, and reliable. Each department is conducted by gentlemen of ability. The paper is read by

Tens of Thousands Every Week,

while Horsemen, Agricultural Societies, Stock Breeders, Libraries, Army Posts, and Clubs preserve and bind their copies. Upon a moderate estimate, a single copy averages a half-dozen readers or more. There are ten thousand post-offices reached by the *Turf, Field and Farm*, and these, with the work of distribution carried on by the news companies throughout the world, place every week the paper before not less than

One Hundred Thousand Readers.

As a general advertising medium, therefore, the *Turf, Field and Farm* is not surpassed by any publication in America. Ask your news-dealers to show you a copy of the *Turf, Field and Farm*. Send for Catalogue of Books.

      - Nutwood 2:18¾
    - FANNY.

SEA KING'S sire is Lord Russell, full brother to Maud S., 2:08¾, and his dam, Fairy Belle (dam of Nymphia, 2:26¼; Elf King, 2:30½; Fairy Gift, trial 2:29¼, and Manxman, trial 2:37), is a full sister to Viking, 2:19¼; Wavelet, 2:24½; Waterloo, 2:28½, and Sprite (dam of Sphinx, 2:23, and Spry, 2:28¾). SEA KING is a grandson of Miss Russell and of Waterwitch—two of the greatest mares ever foaled—who between them have produced Maud S., 2:08¾; Nutwood, 2:18¾; Viking, 2:19¼; Mambrino Gift, 2:20; Scotland, 2:22½; Cora Belmont, 2:24½; Wavelet, 2:24½, and Waterloo, 2:28½. Each of these mares has two in the ***2:20*** list.

I will venture the assertion that there is no pedigree in the country that affords a better illustration of the blood that breeds on than that of SEA KING. In this connection it would be superfluous to mention Hambletonian, Mambrino Chief, Pilot, Jr., or Alexander's Abdallah, so I will begin with Harold, who is credited with five producing-sons and seven daughters, one of these being Bicara (dam of Pancoast, 2:21¾, sire of Patron, 2:14¼, and Mayenne, dam of Crescendo, 2:24). Belmont has twenty sons, fourteen daughters, and seven grandchildren, producers of 2:30 speed. Miss Russell, two producing-sons, Nutwood (sire of twenty-five 2:30 trotters, and one of the greatest sires of the age), and Mambrino Russell, and a producing-daughter, Nutula (dam of Maudlen, 2:25¾). Waterwitch has three producing-daughters, Fairy Belle, Sprite, and Peri, and a producing-son, Mambrino Gift. Belle, the dam of Belmont, is also dam of McCurdy's Hambletonian, sire of five 2:30 trotters, and Bicara, dam of Pancoast; and Fairy Belle, dam of SEA KING, is the dam of Fairy Gift, the sire of Diatonic, 2:27, and a vast number of other colt trotters.

SEA KING is a blood-bay, no white, with black points; stands 15.2½ hands high, and was foaled in 1885.

Limited to 20 approved mares at $100 the season. Return privilege.

MONOCACY, 9893.

Bay colt, black points, no marks. Sired by King Wilkes, 2:22¼ (sire of Oliver K., 2:16¼); 1st dam Vivandiere (sister to Goldsmith's Abdallah, 2:30, and John Bright), by Volunteer (sire of St. Julien, 2:11¼; Gloster, 2:17, and 25 others in 2:30); 2d dam Martha (dam of Abdallah, 2:30, and of three producing-sons, Abdallah, John Bright, and Dixon's Ethan Allen), by Old Abdallah (sire of Hambletonian, 10, and the dam of Goldsmith Maid, 2:14).

Private Stallion in 1889.

BLACKWOOD PATCHEN, 2450.

Bay stallion, left hind ankle white; 16 hands high. Sired by Blackwood, 2:31 as a three-year-old (sire of Proteine, 2:18, etc.); dam Kate, by George M. Patchen, 2:23½ (sire of Lucy, 2:18¼, etc.)

Terms, $25 the season.

High-bred colts by Manxman, Artillery, 2:21½, and Idol Gift, 2:29¼, for sale. For further information address

NUTBOURNE AND ELDRIDGE

NUTBOURNE, out of the dam of Maud S., record 2:08¾. ELDRIDGE, out of the dam of Majolica, record 2:15.

The fashionably-bred stallions, **NUTBOURNE** and **ELDRIDGE**, will make the season of 1889 at my farm, three miles east of Tarrytown, Westchester Co., N. Y., and twenty-five miles from New York City. Several prominent Kentucky breeders have urged me to let Nutbourne go to that State, but I have concluded to keep him at home. His full brother, Nutwood, is the only horse, living or dead, with a record under 2:20, having five of his produce with records under 2:20, thus showing his capacity to get a high rate of speed. Besides, he is the sire of 24 in the 2:30 list, eight of which were added last year.

Terms, for Nutbourne, $150 for the season. For Eldridge, $100 the season. Mares not proving with foal to either horse may be returned the following season free of charge.

NUTBOURNE, g. h., 16 hands high, foaled 1877, by Belmont (sire of Nutwood, record 2:18¾), dam Miss Russell, the dam of Maud S., record 2:08¾, by Pilot, Jr.; second dam Sallie Russell, by Boston (thoroughbred), etc. As will be seen, Nutbourne is not only out of the dam of Maud S., but he is a full brother to Nutwood, record 2:18¾, and Cora Belmont, record 2:24¼. As a five-year-old Nutbourne trotted, with very little handling, in 2:26¼, last quarter in 35 seconds; but since then has not been trained, as he has been used exclusively for the stud. Nutbourne's full brother, Nutwood, is so popular that his services have been raised to $500. The editor of the *Turf, Field and Farm*, in speaking of the foals at my farm by Nutbourne, says of one: "It is a trotting gem of the first water," and of another, "There is no disposition to do anything but trot. I never saw so rapid a colt of its age."

ELDRIDGE, b. h., 15¾ hands high, foaled 1877, by Edward Everett (sire of Judge Fullerton, record 2:18), dam Jessie Kirk, dam of Majolica, record 2:15. Jessie Kirk is by Clark Chief, son of Mambrino Chief. Edward Everett, the sire of Eldridge, is the sire of twelve trotters in the 2:30 list, among them the late Commodore Vanderbilt's favorite road horse Mountain Boy, record 2:20¾. Eldridge is a grandly formed horse, a rich bay, with black points, and has trotted a trial on my track at Tarrytown in 2:20¼. His dam being the dam of Majolica, he should make a great sire. He has sired only four foals, and I sold one of them—the two-year-old colt Cartridge—for $4,000. One of the best judges in the country says of him: "Eldridge has a splendid hock, and a good, flat leg—in fact, the best set of legs I have ever seen; and his remarkably loose, easy way of going shows that he has an elasticity that he can impart."

Mares sent to be bred to Nutbourne or Eldridge can be kept on Mr. George W. Campbell's farm, just on the opposite side of the road from my place, on reasonable terms. Mr. Campbell makes a specialty of taking care of trotting stock.

TROTTING AND PACING INFORMATION.

In connection with the compilation of his statistical works, the undersigned has a very large correspondence, and is kept well posted—perhaps better than any other man in the country—in regard to the pedigrees and performances of the trotting and pacing stock of the country. Any facts not known to him are yet accessible, because of the reliable correspondents he has in all parts of the United States and Canada. People are frequently at a loss to obtain information that the undersigned can readily supply, and letters to the sporting papers involve a delay before the answer is received, and the replies are frequently unsatisfactory. The ready way to obtain speedy and correct information is to write to the compiler of this work enclosing a fee of $1, and the answer will be sent by return mail, if possible, and if not, as soon as the facts can be ascertained.

Pedigrees of trotters or pacers will be traced and tabulated at reasonable charges, the amount depending upon the difficulties involved and the style in which the pedigree is to be prepared.

Breeders desiring to issue catalogues, either for stock or sale purposes, can make arrangements with me for the entire work, printing, press-work, and binding included, and satisfaction guaranteed.

Cases conducted before the Board of Review, horses bought or sold upon commission, etc. All dealings in strict confidence.

LIVE-STOCK SALE AND PURCHASING AGENCY.

The undersigned announces to gentlemen who would purchase horses of all classes, and other animals of all kinds, also carriages and harness, that he will transact such business at a commission of 10 per cent. He will attend auction sales in the interest of his customers in Boston and elsewhere. An experience of over thirty years in this line of business will render his services valuable, and a long list of references published in the sporting papers are the best endorsements of his probity. Mr. Balch will be happy to show at his office samples and circulars of the Never-Slip Horseshoe, which is in great and growing demand all over the country.

CHAMPION STOCK FARM.

CHARLEY B., 2:25.

THE CHAMPION CHAMPION STALLION.

Registered 1812, and standard under all rules. Charley B. was sired by King's Champion, Jr., 837, dam old Jane, by Zeilley's Eclipse, and has no Hambletonian, Mambrino Chief, Clay, Star, Bashaw, or Morgan blood in his veins, yet ten of his get have records better than 2:30, headed by Col. Wood, 2:21¼. Five of his get entered the 2:30 ranks last season, and only Electioneer, Onward, and Nutwood surpass him in this respect, and all records earned in hard-fought battles and not "tin cup" prizes. No horse now standing in New York State is his equal, measured by this test. The best yearling colt record, Lara, 2:56¼, for New York State colts, stands to his credit, and another son, Bumble B., with two-year-old record 2:44¼. All of his get trot fast. What better out-cross could there be for mares bred in the popular lines ? We claim that the Champion strain, considering its opportunities, is the equal of any. They are all large, handsome, balanced, fast, and game. Stock for sale.

BAYONNE PRINCE,

Record, 2:21¼.

Sire of CAD, Four-year Record, 2:27¾.

By Kentucky Prince, dam Emily C., dam also of Marcus, 2:29¼ (4 years old); Easter Medium, 2:32¼, and Valdine, 2:33. Bayonne Prince made his record in 1884, when five years old, in the fifth heat of a race which he won. Winner of numerous prizes in the show ring, including first prize at the New Jersey State Fair, Waverly, last September, and first prize at the National Horse Show, New York city, last November. Trotted to his record, 2:21¼, on the Fashion track, Trenton, in October, 1888, after serving over 100 mares. Was the first of the get of Kentucky Prince to show racing quality, and still remains by the record the fastest entire son of the sire of Guy, 2:12.

TERMS, $100, with usual privilege of return

Will make the season at the Flemington (N. J.) Fair Grounds, where stock will have the best of attention at moderate prices.

Mares sent from New York via Central Railroad of New Jersey or Lehigh Valley Road arrive the same day, the freight charges being $3.

ANNOUNCEMENT.

THE best proof of the increasing value of these works is to be found in the fact that each year the Supplement contains more matter than for the year preceding. The 1884 Supplement had 140 pages; that for 1885, 165 pages; that for 1886, 176 pages; that for 1887, 185 pages, while the present Supplement comprises 203 pages. This increase of volume is not because of more races being trotted or paced, but because of improved methods and vigilance in gathering news. Every purchaser of the Supplement for 1888 will receive, gratis, a pamphlet containing, in alphabetical order, the names of the dams of all trotting and pacing performers, with reference to their produce, as they appear in the pages of Chester's Complete Trotting and Pacing Record.

The price of the works is now fixed as follows, there being the parent volume of about 1,000 pages, bound in half Turkey morocco, complete to the close of 1883, and supplements for each of the years 1884, 1885, 1886, 1887, and 1888:

CHESTER'S COMPLETE TROTTING AND PACING RECORD.

SUPPLEMENT FOR 1888.

EXPLANATION.

The names of horses in black type, arranged in alphabetical order, are those of the winners of the races, and under each horse's name the races won by him appear in chronological order. All races are trotting, mile heats, best three in five, in harness, unless the contrary is shown by the time, stated at the conclusion of the summary, or a different way of going indicated by proper signs. After the name of the winner appears his description, as "b s," for bay stallion, "br g," for brown gelding, "gr m," for gray mare, etc. The following figures, in heavy type and in parentheses, show the best record of the horse to the close of the year 1888. Then follow the pedigree of the winner, when known; the name of the nominator, place and date of race, amount of money trotted for, and the name of the horses beaten, in the order of their standing at the close of the race, and last comes the time of the heats. The ordinary signs are used to denote the incidents and casualties of the race. Thus, the character "0" in connection with a number in a bracket indicates that the horse whose name that sign follows made a dead heat in accordance with the number, viz.: (3 0) signifies third heat dead. The abbreviation "dr" signifies drawn; "dis," distanced; "r o," ruled out; "w o," walk over, etc. Figures following the name of a beaten horse show that he had won the heat or heats corresponding with the number. When the letter "w" follows the name of a horse, it signifies that he went to wagon; "c," that he went to cart; and the letter "s" that he went under saddle. In cases where a horse has a record to harness, or wagon, and a faster one under saddle, both are given. When an asterisk (*) is attached to the figures usually denoting a record, it signifies that the time, being over a short track, is a bar and not a record. The summaries preceded by dashes (——) are subsequent victories of the horse whose description and record have been given, and in these, if the name of nominator, or of place of trotting, or of both of these, are not given, it signifies that they are identical with those of the race immediately preceding. It sometimes happens that a horse winning as a stallion wins later as a gelding, in which case the castration is shown by the change in the description; but there being no renewal of the name, it will be understood that it is the same horse under changed conditions. In order to keep them of record, losing performances against time are given under the name of the losing horse, as a part of his history, and the fact that he lost is mentioned in the summary. The numerals at the right of the printed pages divide them into blocks of ten lines each, for convenience of reference in the Index of Beaten Horses, and the reader is referred to the explanation preceding that Index.

INDEX TO BEATEN HORSES.

In the following Index the names of horses who trotted or paced during the year 1888, and were beaten in any of their races, appear in alphabetical order. The figures in parentheses following the descriptions of the horses denote their best records to the close of 1888. Pedigrees are given when known, and not to be found in the body of the book, in connection with the name of the horse as a winner. The ensuing figures denote the pages of the book in which the trotter or pacer performs as a beaten horse, and the smaller "superior" figures indicate the particular section of a page in which to look for the name, these corresponding to the side notes on the page containing summaries. When a page reference is enclosed in parentheses, the best record of the horse will be found in the page and section to which reference is thus made. In the frequent cases where a faster record is ascribed to a horse than appears in this volume, the information as to when, where, and under what circumstances it was made, can be found in earlier volumes of Chester's Complete Trotting and Pacing Record.

SIR WALTER, JR., 2:18¼,

FASTEST OF ALL EASTERN STALLIONS, WITH CLAY BLOOD.

MAKES THE SEASON OF 1890 AT BATES FARM, NEAR BOSTON.

SIR WALTER, JR., is a handsome dark chestnut horse, 15.2½ hands, very game and pure-gaited. His five-year-old record, 2:18¼, was made in a Grand Circuit race and hot party. His sire, Sir Walter, 2:24¼, was also a racehorse, and got by the famous Aberdeen, son of Rysdyk's Hambletonian, and the greatest of American Star mares, the game Widow Machree, and has five of his get in the 2:30 list. Sir Walter, Jr.'s, dam was by American Clay, the stoutest member of the Clay family, and grandsire of the noted campaigner Clemmie G., 2:15½. Aberdeen is the sire of Hattie Woodward, 2:15½. Thus Sir Walter, Jr., springs from extreme speed lines on both sides, having the firm foundation of thoroughbred blood.

Sir Walter, Jr., will stand at **Bates Farm, Watertown.** Mares from a distance met at depots in Boston, Brighton, or Watertown. **Terms $100 the season,** with usual return privilege. For circulars and general information address

ANSEL, RECORD 2:20.

BY ELECTIONEER, SIRE OF SUNOL, 2:10½, AND 47 OTHERS IN THE 2:30 LIST.

ELDRIDGE, TRIAL 2:20¼.

BY EDWARD EVERETT, OUT OF THE DAM OF MAJOLICA, RECORD 2:15.

ANSEL

is a bay horse, 16 hands high, and weighs 1,140 pounds. He is by Electioneer, first dam by Lexington, second dam by Grey Eagle, third dam by Medoc. Governor Stanford, who bred him, says: "I am quite certain Ansel will make a great stock horse, and am not sure but that I made a mistake in parting with him before I had a greater number of his get." In another letter he says: "It seems to me that Ansel has one of the strongest countenances that I have ever seen in a horse, and no horse has a more impressive trotting action. It is very much like that of his sire. With his action, his head and his breeding there can be no such thing as failure when he is bred to first-class mares." Ansel's fee is $200.

ELDRIDGE,

b h, 15¾ hands high, foaled 1877, by Edward Everett (sire of Judge Fullerton, record 2:18), dam Jessie Kirk, dam of Majolica, record 2:15. Jessie Kirk is by Clark Chief, son of Mambrino Chief. Edward Everett, the sire of Eldridge, is the sire of thirteen trotters in the 2:30 list, besides Joe Elliott, who was the first horse to trot in 2:15. Eldridge is a grandly-formed horse, a rich bay, with black points, and has trotted a trial on my track at Tarrytown in 2:20¼. His dam being the dam of Majolica, he should make a great sire. Eldridge's fee is $100.

RUSTLE,

b c, foaled 1887, by Startle, out of Russella, full sister of Maud S., 2:08¾, will be allowed to serve half a dozen mares. Fee $100.

DAY STAR,

ch c, foaled 1887, will also be allowed to serve half a dozen mares. He is by Startle, first dam by Harold, sire of Maud S., and second dam the dam of Jay-Eye-See, thus directly combining the blood of the two greatest trotters. Fee $100.

Mares not proving in foal can have the usual return privilege.

Having only 113 acres, there is no room on my farm for mares sent to be bred to either of these horses, but they can be kept on Mr. George W. Campbell's farm, just on the opposite side of the road from my place, on reasonable terms. Mr. Campbell makes a specialty of taking care of trotting stock.

Address **ROBERT BONNER,**
TARRYTOWN, N. Y.

☞ Mares can be sent to Tarrytown by boat from foot of Franklin Street, New York, or by rail to Tarrytown, by Hudson River Railroad, from depot foot of 33d Street and 11th Avenue.

LORD RUSSELL,

Brother to Maud S., 2:08¾, and Russia, 2:28; sire of Redwald, 2:28½. $300 the season.*

HAROLD,

Sire of Maud S., 2:08¾; Noontide, 2:20¼, etc.; 27 in 2:30. $300 to insure mare in foal.

PISTACHIO,

(Brother to Nutwood, 2:18¾; sire of 33 in 2:30; five in 2:20); by Belmont, dam Miss Russell, dam of Maud S., 2:08¾. $200 the season.*

RE-ELECTION,

By Electioneer, dam Lady Russell, sister to Maud S., 2:08¾. Private stallion.

MISS RUSSELL, dam of Lord Russell and Pistachio, has four of her produce in 2:30 list, is the dam of four sires of 42 animals in 2:30 list, and one producing daughter. Five of her grandsons are 2:30 sires. Her "blood breeds on."

TERMS, CASH AT TIME OF SERVICE.

967 MAMBRINO DUDLEY, 2:19¾.

STANDARD AND REGISTERED.

Sire of **CRESCENDO** (5 years) 2:24, trial 2:19; **GRETNA** (4 years), 2:29½, sold for $4,500; **FAIRFAX** (4 years) 2:33, sold for $1,850; **ALMONT DUDLEY** (2 years), 2:23¾, accredited trial.

MAMBRINO DUDLEY, 967, record 2:19¾, possesses the five essentials of a great sire: 1. Excellent individuality, fine style and form, combined with great substance and good temper. 2. There is no better bred trotting horse in the world than Mambrino Dudley. 3. He has great speed and endurance, as evidenced by a record of 2:19¾ against time, 2:20½ in a race with other horses, and 2:22 in a sixth heat. 4. He transmits a higher rate of speed to his colts than he possessed at the same age. 5. His get trot without weights and with shoes weighing from eight to ten ounces. He is a son of the great **WOODFORD MAMBRINO**, and his dam, **SUE DUDLEY**, is the dam of two 2:30 performers, and of two sons which are the sires of 2:30 performers. His grandam, **MADAM DUDLEY**, produced four daughters, each by a different sire, which are the dams of seven 2:30 performers. Everything that has descended from Madam Dudley is a producer of speed.

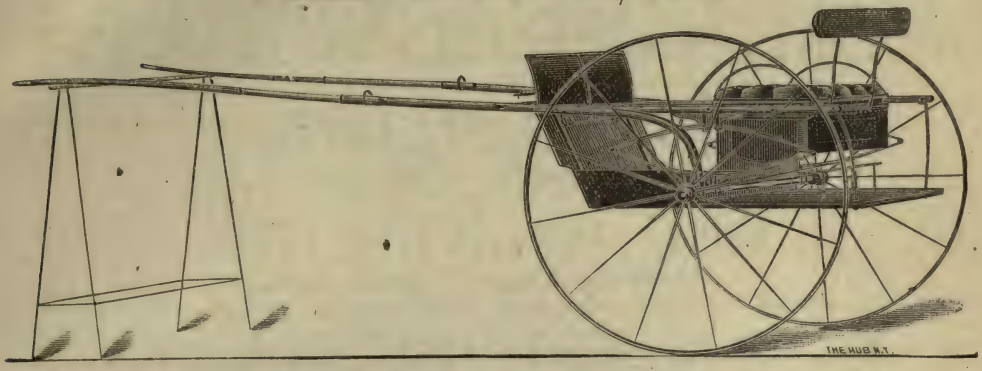
THE IMPROVED

SAUNDERS HANDY CART.

PATENTED OCT. 2d, 1888.



THE ABOVE CUT IS OUR

No. 1, Specially Designed for Gentlemen's Road Use,

And considering the short space of time they have been before the public, they are quite extensively used, and by such men as

ROBERT BONNER, WM. ROCKEFELLER,
J. D. ROCKEFELLER, EDWARD KEMP,
PETER MOLLER, I. T. BURDEN,
FRANK FERGUSON, H. M. FLAGLER.

ALL NEW YORK MEN.

In this Cart you have as much room and all the conveniences of a wagon, and it is far cheaper and much safer. Riding qualities unsurpassed. Weight all on axle, no connection with shafts. Perfectly balanced.

Read C. M. Pond's Letter, and see what he has to say in reference to my Pole Cart.

G. W. SAUNDERS, ESQ. HARTFORD, CONN., Nov. 5, 1889.

DEAR SIR: I have given your PATENT POLE CART a most thorough trial over all sorts of roads, rough and smooth, up hill and down, and have also used it for long rides over the country. I am pleasantly surprised and highly pleased with its performance in every way. When I say that it rides as easily and follows a team as truly as a finely made four-wheel elliptic spring wagon, with no side or horse motion, and no working of the pole to make sore necks on the horses, I simply state my experience with it, and give it the praise justly due it. I take as much comfort with it as with a four-wheel pole wagon. But with your cart there are only two wheels to pay for, to wash, or to replace when worn out. I think it deserves a large sale, and trust it may have it. Please send bill for the same.

Yours truly,

C. M. POND.

OFFICE OF PUBLICATION FOR THE

AMERICAN STUD BOOK AND CHESTER'S COMPLETE TROTTING AND PACING RECORD.

"The Turf, Field and Farm is by far the most ably edited journal in its line in America. Its editorials on the horse are unsurpassed, and its efforts seem to arise from a single motive to promote the interest of the breeder. It is never found catering to the whims of a few breeders whose interest lies in misrepresenting special blood lines. Its regular contributors are gentlemen of intelligence and merit, and its editorial columns always bear the impress of brains. The article now running, entitled 'How to Train the Racehorse,' is of inestimable value to trainers. The Veterinary Department is well worth the subscription price to any horseman or farmer in the country."—*Republican*, Weston, W. Va.

"The records which had been TWENTY-FIVE YEARS in accumulating in the office of William T. Porter, were purchased as a plant for the Turf, Field and Farm, and the now popular journal was established in 1865. It is the organ of the great breeding interest. Its office is the place where thoroughbred horses are registered, and where the trotting and pacing records are compiled and published. The journal also has the closest relations with Athletics, Oarsmen, and all who patronize Field Sports. It established BENCH SHOWS, FIELD TRIALS and GUN TRIALS in America. The champions of all kinds have signed articles of agreement for great matches in the office of the Turf, Field and Farm. The paper is a live one, sparing no pains to collect the freshest information. It also is fearless in discussion. Being vigorous in the expression of intelligent thought, its views are widely quoted in America and Europe. It is the CHEAPEST AND BEST publication of its class in our land, if not in the world."—*News Company Trade Bulletin.*

TROTTING AND PACING INFORMATION.

In connection with the compilation of his statistical works, the undersigned has a very large correspondence, and is kept well posted—perhaps better than any other man in the country—in regard to the pedigrees and performances of the trotting and pacing stock of the country. Any facts not known to him are yet accessible, because of the reliable correspondents he has in all parts of the United States and Canada. People are frequently at a loss to obtain information that the undersigned can readily supply, and letters to the sporting papers involve a delay before the answer is received, and the replies are frequently unsatisfactory. The ready way to obtain speedy and correct information is to write to the compiler of this work enclosing a fee of $1, and the answer will be sent by return mail, if possible, and if not, as soon as the facts can be ascertained.

Pedigrees of trotters or pacers will be traced and tabulated at reasonable charges, the amount depending upon the difficulties involved and the style in which the pedigree is to be prepared.

Breeders desiring to issue catalogues, either for stock or sale purposes, can make arrangements with me for the entire work, printing, presswork, and binding included, and satisfaction guaranteed.

Cases conducted before the Board of Review, horses bought or sold upon commission, etc. All dealings in strict confidence.

ANNOUNCEMENT.

THE present is the sixth annual supplement to the parent volume of these publications, which appeared in 1884, and brought the history of trotting and pacing to the close of 1883. Each year the size of the book increases, but, as yet, there has been no increase in the price. Subscribers to the 1889 supplement will receive shortly an Index of Dams, a small pamphlet by itself, for which no charge is made, but it will be useful only to those who have the complete work. This pamphlet, it is thought, will be ready about June 1. It will be a novelty, and one upon which I expect great improvements can be made in the future.

The methods of gathering reports of trotting and pacing performances by the National and American Trotting Associations are growing better every year, and it is my own aim to add to these by collecting summaries of many races over tracks that are not members of either Association. The arrangement of this mass of matter in alphabetical order, the individualization of horses of common names, and the research for pedigrees involve an amount of labor that is hard to estimate, and which is not duly appreciated by those interested in the light harness horse. This labor, for a thorough and careful work like these supplements, must all be done after January 1, and this fact renders it impossible for the book to appear as early in the season as could be wished. It will be my endeavor to invent some system by which its publication can be hastened in future years.

The price of the works is now fixed as follows, there being the parent volume of about 1,000 pages, bound in half Turkey morocco, complete to the close of 1883, and supplements for each of the years 1884, 1885, 1886, 1887, 1888, and 1889:

ANY SINGLE SUPPLEMENT	$2.10.
ANY TWO SUPPLEMENTS	4.00.
ANY THREE SUPPLEMENTS	5.00.
ANY FOUR SUPPLEMENTS	6.50.
ANY FIVE SUPPLEMENTS	8.00.
ALL SIX SUPPLEMENTS	9.00.
PARENT VOLUME ALONE	7.00.
COMPLETE WORK (2 vols. bound, 1889 separate)	17.00.

WALTER T. CHESTER,

CHESTER'S COMPLETE TROTTING AND PACING RECORD.

SUPPLEMENT FOR 1889.

EXPLANATION.

THE names of horses in black type, arranged in alphabetical order, are those of the winners of the races, and under each horse's name the races won by him appear in chronological order. All races are trotting, mile heats, best three in five, in harness, unless the contrary is shown by the time, stated at the conclusion of the summary, or a different way of going indicated by proper signs. After the name of the winner appears his description, as "b s," for bay stallion, "br g," for brown gelding, "gr m," for gray mare, etc. The following figures, in heavy type and in parentheses, show the best record of the horse to the close of the year 1889. Then follow the pedigree of the winner, when known; the name of the nominator, place and date of race, amount of money trotted for, and the name of the horses beaten, in the order of their standing at the close of the race, and last comes the time of the heats. The ordinary signs are used to denote the incidents and casualties of the race. Thus, the character "0" in connection with a number in a bracket indicates that the horse whose name that sign follows made a dead heat in accordance with the number, viz.: (3 0) signifies third heat dead. The abbreviation "dr" signifies drawn; "dis," distanced; "r o," ruled out; "W O.," walk over, etc. Figures following the name of a beaten horse show that he won the heat or heats corresponding with the number. When the letter "w" follows the name of a horse, it signifies that he went to wagon; "c," that he went to cart; and the letter "s" that he went under saddle. In cases where a horse has a record to harness, or wagon, and a faster one under saddle, both are given. When an asterisk (*) is attached to the figures usually denoting a record, it signifies that the time, being over a short track, is a bar and not a record. The summaries preceded by dashes (——) are subsequent victories of the horse whose description and record have been given, and in these, if the name of nominator, or of place of trotting, or of both of these, are not given, it signifies that they are identical with those of the race immediately preceding. It sometimes happens that a horse winning as a stallion wins later as a gelding, in which case the castration is shown by the change in the description; but there being no renewal of the name, it will be understood that it is the same horse under changed conditions. In order to keep them of record, losing performances against time are given under the name of the losing horse, as a part of his history, and the fact that he lost is mentioned in the summary. The numerals at the right of the printed pages divide them into blocks of ten lines each, for convenience of reference in the Index to Beaten Horses, and the reader is referred to the explanation preceding that Index.
